

THE CITY'S HEALTH.

We'll Have to Worry Along as Best We May

WHILE THE FIGHT GOES ON

Between the Police Board and the City Council—The Board Appoints an Entirely New Sanitary Force.

The board of police commissioners met Saturday night, discharged the present Republican sanitary police force and appointed a new Populist sanitary force all of their own, who will be added to the regular police payroll.

Secretary Young has filed with City Clerk McFadden the following communication:

To the Honorable Mayor and Councilmen of the City of Topeka:

GENTLEMEN.—I am directed to inform you that at the meeting of the police commissioners held Saturday evening, January 20, 1894, the following named special policemen appointed by this board at the request of ex-Mayor Jones were removed from office by unanimous vote: Charles Lewis, C. L. Vandepoel, Neil McConnell, J. A. Miller, A. Barton, W. E. Stewart, John W. Allen, John B. Jones, and S. P. Hawkins.

I am also requested to notify your honorable body that Mr. F. J. Hudson, the sanitary sergeant, has been placed upon the payrolls of this department at \$65 from January 1st; also that E. Foote, D. T. Jones, and W. H. Parker have been appointed as members of the regular police force of this city, and will be assigned to do the sanitary work at \$30 a month from this date. Yours very respectfully,

L. T. YOUNG, Secy.

The board also sent to City Physician Dr. Hillson this letter:

"The board of police commissioners instructs me to inform you that the board of commissioners and the chief of police have decided to make special efforts to enforce all the health ordinances passed by the city council, and are willing and ready to assist the board of health in all matters pertaining thereto. The chief of police will obtain from the regular police force a sufficient number of men to carry out your orders."

This action will no doubt result in getting the dispute between the council and the police board into the courts, as the councilmen say they shall surely refuse to allow such a payroll, and if they do not the commissioners will apply for a writ of mandamus to compel them to pay it.

The appointment of a police surgeon will be made tonight.

Confidential to the Board.

The order of the police commissioners is based upon the disaffection of the old sanitary force, who supported the mayor and condemned the council. They say they will continue in their present capacity until ordered to quit by the council.

E. Foote, D. T. Jones, and W. H. Parker were appointed as special policemen to day for sanitary work. They will wear uniforms like the balance of the officers and will do patrol duty in addition to their health duties. They are all three Populists.

IN POLICE COURT.

A Young Man Interrupted the Salvation Army Service.

"Mark Henry, a prominent member of the F. S. G. (the Fourth street gang), got drunk last night and went to the Salvation Army barracks. He did not enter into the spirit of the occasion, however. He called the army captain bad names and came near breaking up the services. The Salvation soldiers have no objections to Henry attending their service. They object to the way he does it." Officer Davis was called in to arrest him.

In the police court today Henry admitted his guilt and was fined \$5. He has been out of the police court so long the fine was paid in full.

WILL TAKE EVERY CENT.

And Perhaps More Too to Finish the High School.

There is only \$5,000 at the disposal of the board of education above the contracts already in force for the new high school. This fact was brought to light by the report of the finance committee at the board meeting last night.

This amount will probably be enough with stringing economy. Out of it must come the furniture of the new building and all the other details not included in the contract for the building alone. There will not be any of the \$5,000 left when the building is ready for occupancy.

At the right the board ordered black boards for the recitation rooms that cost \$1,200, and white partitions in the curtains to cost \$300.

OUR STATE'S STRONG BOX.

An Eastern Expert Looking over the Locks Today.

An expert lock mechanic is at work today on the locks of the state treasurer's office.

Every year the locks on the vault doors have to be thoroughly cleaned and put in repair, which is done by the Consolidated Time Lock company of Cincinnati, Ohio.

C. H. Tees representing that company, is doing the work this year.

A great many of the county treasurers who meet in annual convention with County Treasurer Edwards this afternoon have been examining these locks today and are taking a peep at the three safes of \$100,000 each which Treasurer Eddie has in the vaults.

Our prices tell the tale. Come and see us.

ST. JOHN ON THE WAPPATH.

We Will Join the Opposition to Governor Lewelling.

The latest political story is to the effect that ex-Governor St. John will soon return to Kansas and make some interesting speeches in an effort to secure a better enforcement of the prohibitory law.

The ex-governor will tell them, it is understood, denounce Governor Lewelling and his administration as unfavorable to their duties in the enforcement of the prohibitory law.

St. John has long considered a friend of the Populists, and in his speech at Salina recently, Mrs. Lewis referred to him as "that grand Populist John P. St. John." The ex-governor did not make any effort to cover the increasing that was at least sympathetic with the administration party, and the announcement now made will for that reason be something of a surprise.

BROKE HIS COLLAR BONE.

The Bone at the Disgraced "Buckeye House" Worse Than Showed.

Is there no way to close the Buckeye house? This is a question that the police are trying to solve. They know of no way, for they cannot prove that either liquor is sold there or that it is a disorderly house. The officers desire a city ordinance with a nuisance clause in it, by which the Buckeye house can be closed on general principles. They say the county officers could close it under the nuisance clause that closed the clubs, but they have no such authority.

The trial of Hank Bayless, who was one of those involved in the row at the Buckeye house, in the police court today, showed that the fight was more vicious than was at first supposed. A Santa Fe machinist named Tom Murray had his collarbone broken. Murray said that Bayless and the "Buckeye gang" jumped on him. He says also that the assault was unprovoked.

Bayless, however, had a large number of his friends present to testify that he had nothing to do with the assault. The police think some of the witnesses perjured themselves. Bayless, however, could not be convicted under the evidence and he was discharged. More arrests for the same disgraced row will be made.
